

Tunis, December 22, 2025

To the Attention of
President
Izmir Chamber of Commerce and Industry
Turkey

Subject: Official Invitation – Participation of Izmir Chamber of Commerce and Industry in IADE Tunisia 2026

Dear President,

On behalf of the Organising Committee of **IADE Tunisia 2026 – International Aerospace & Defence Exhibition**, I have the honour to invite the **Izmir Chamber of Commerce and Industry**, under your esteemed leadership, to support and engage in the **third edition** of this major international event, to be held from **28 October to 1 November 2026** at **Enfidha–Hammamet International Airport, Tunisia**.

Held under the high auspices of the highest authorities of the Republic of Tunisia, **IADE Tunisia** has established itself as a leading international platform, bringing together government delegations, senior decision-makers, industry leaders, and innovators from **Africa, the Middle East, Europe, Asia, and the Americas**, across sectors including **aerospace, defence, space, security, dual-use technologies, and airport infrastructure**.

Importantly, **IADE Tunisia** serves as a gateway to the African market, offering direct access to institutional and industrial stakeholders across the continent, while providing valuable opportunities for Turkish and international companies to explore partnerships and expand business.

In this context, the **Izmir Chamber of Commerce and Industry** plays a pivotal role in representing **Izmir's enterprises, supporting international trade, and fostering industrial and commercial cooperation**. The Chamber's mission aligns closely with the objectives of **IADE Tunisia 2026**, particularly in facilitating business development, supporting aerospace and defence sectors, and enabling Turkish companies to engage with African and global markets.

The participation of the **Izmir Chamber of Commerce and Industry** would bring significant added value to **IADE Tunisia 2026**, notably by:

- Facilitating the participation of Turkish member companies and business delegations;
- Supporting structured B2B and B2G meetings with African and international stakeholders;
- Promoting industrial partnerships, technology transfer, and collaborative innovation across sectors;
- Enhancing visibility of Turkish expertise and industrial capabilities;
- Strengthening cooperation between Turkish businesses, African stakeholders, and international partners.

While the full scope of the exhibition is detailed in the official documentation accessible via the **QR code at the bottom of this letter**, we would highly appreciate your consideration of:

- Participating as an **institutional partner** in IADE Tunisia 2026;
- Contributing to high-level conferences, institutional panels, and networking activities;
- Supporting member companies in maximising visibility and business opportunities.

IADE Tunisia 2026 will offer participants a comprehensive and results-oriented platform, including an international exhibition area, high-level conferences and institutional panels, structured B2B and B2G meetings, live technology demonstrations, and international aerial displays.

For further information, please visit www.iadetunisia.com or scan the QR code at the bottom of this page to access the official IADE Tunisia 2026 documentation.

We would be pleased to arrange, at your convenience, a **preliminary coordination meeting** with your team to explore the most appropriate framework for the **Izmir Chamber of Commerce and Industry's involvement** and to ensure alignment with its strategic priorities.

For confirmation of interest or to schedule a meeting, please contact the Organising Committee:

E-mail: ilouati@iadeorganiser.com

Phone / WhatsApp: +216 55 023 000

We would be honoured to welcome the **Izmir Chamber of Commerce and Industry** among the institutional partners of **IADE Tunisia 2026**, and we respectfully extend our **best wishes for a successful and prosperous 2026**, marked by strengthened international cooperation, innovation, and industrial development.

Yours sincerely,

Islem LOUATI
Managing Director
IADE Tunisia 2026
